

2001 Honda Civic, Part 2

by Michael Hyde

In the last installment we covered the ignition and door lock. This month we cover the trunk lock, trunk release lock and programming procedures.

Trunk Lock:

1. The trunk lock cylinder is located on the right side of the trunk lid.

2. The lock cylinder is secured with two 10mm bolts. Remove the bolts and disconnect the linkage rod.

Here are the two best websites for Automotive Locksmiths:

www.TheNationalLocksmith.com

Chat, Forums, Editorial,
Online Store, Tech Support

www.Laserkey.com

Product & Technology Sales,
Transponder Information Resources

3. The lock cylinder removed from the trunk lid.

Issue No. 40

4. The lock cylinder has a code stamped into it "5507".

5. The trunk lock cylinder plug contains 7 tumblers in positions 2 thru 8. The first tumbler is not used in this lock.

6. The trunk lock components.

Trunk Release:

7. There is a lock cylinder for the release of the trunk lid. It is located on the floor to the left of the driver's seat.

8. There is a small cover on top of the lock. The cover can be removed to expose a screw that does not need to be removed.

9. The cylinder will then slide right out the top.

10. Make sure you mark the tailpiece before you disassemble the lock cylinder.

11. The cylinder plug will slide right out the front after you remove the face cap.

12. The trunk release lock cylinder contains the first seven tumblers like the door lock. However, there is no code on this lock cylinder for security reasons I'm sure.

Glove Box Lock:

13. This car has no lock in the glove box door.

Programming Procedures:

14. This car is equipped with a transponder system. At this time, only a Honda PGM tester can be used for programming new keys when all others are lost.

15. The OBD connector for the PGM tester is above and to the right of the gas pedal.

16. There is a green “key” indicator light in the instrument cluster for the transponder system.

2002 AutoSmart™

from The National Locksmith®

Major changes, additions and revisions to the AutoSmart Book™ have been made, and the 2002 AutoSmart™ is now available!

The information has grown so huge - 800 pages--that the book will no longer easily fit into a binder. Therefore, the format has changed. AutoSmart™ has been divided into two separate volumes, Foreign and Domestic. Each volume is bound in lay-flat, sturdy vinyl covers, and is organized for quick and instant reference.

You may purchase either a 2002 AutoSmart™ Foreign Volume or a 2002 AutoSmart™ Domestic Volume for \$45.00. Or, if you'd like both, the cost is only \$65.00 for a set of both! Obviously, this is your best deal.

There is no way to update 2001 and older versions of AutoSmart™. Instead of a mish-mash of pages to remove and replace, you'll be able to purchase a brand new set of books each year, fully updated and undamaged from years of use.

Order your set of Foreign and Domestic 2002 AutoSmarts™ today by using the coupon below.

Order online at www.TheNationalLocksmith.com

OID 04/02

- ☐ **YES!** Send me the **2002 AutoSmart™ Set** for \$65 (contains the 2002 Domestic & the 2002 Foreign AutoSmart™) plus \$8 for shipping and handling. (Item# AS-SET)

17. The key to start the car cannot be programmed from your back pocket. You must put the key in the ignition lock cylinder and turn to position "II".

18. Select Honda Systems from the start up screen on the PGM tester.

19. The next screen to appear is the main start up screen.

20. You will have to select Honda Systems again from the next menu.

21. On this menu select the model you are sitting in.

22. Verify the car model with the tester.

23. You will be prompted to enter in the VIN.

24. This time you will be prompted to enter in the car's mileage.

25. Select number 5; "IMMOBI" for the transponder system and programming keys.

26. A warning message telling you not to use ILCO keys for programming. The aftermarket keys cannot be programmed into the car because they are for cloning. You can use the ILCO keys if you clone the key first from an original factory key.

27. Select "KEYS" from the immobilizer menu.

28. Here I selected the "All Keys Lost" choice.

AutoSmart Advisor™

**NEW
VERSION!**

...the ultimate automotive
software for locksmiths!

New features:

- Now updated to include the new models!
- Parts Locator... do reverse searches. Enter a part number and a list of vehicles appears organized by make, model and year.
- Color photos of parts... the Parts Locator not only shows you all the data, but also a color photograph of the part.
- Service Help... Now on selected models full service article with color photos and step by step instructions walk you completely through every job you might do on the car. Additional updates will contain even more service articles and models.
- AutoSmart Advisor™ software tells you every scrap of information about the vehicle, all parts, costs, labor times, calculates your charges automatically, and shows you how to do the job!

AutoSmart™ is the most comprehensive and popular automotive locksmith manual in history. Acclaimed expert Michael Hyde again makes history with AutoSmart Advisor™ software! You'll have instant access to information, and best of all...it's amazingly easy to use! You may never need to read the manual.

Contains virtually every car and part known to man up through 2000. Gives all information you need to service the vehicle. Creates instant estimates for all automotive service jobs. Shows available ASP and Strattec part numbers and labor time. Can be user customized with your own service call, labor and tax rates.

Because it's from the creator of AutoSmart™ you get all methods to make the first key, plus:

- Code series • Key machine set up information • Tumbler chart • Information on ignition retainers, progressioning, airbags, code locations, key silhouettes, transponders, valet keys, all parts and model notes • Make your own user notes. • Includes NGS programming instructions

Step 1

Choose the car

Step 2

See all data including spaces/depts, key blanks, parts, code locations and more.

Step 3

Click "Parts Dept" to select which parts you need for the job.

Step 4

Click "Quick Totals" for an on screen instant estimate. Or click "Print" to print a professional estimate.

AutoSmart Advisor™ does everything instantly and accurately. Now your computer is the best automotive tool you own!

Installation and System requirements: License is granted to run the software on any two computers you own. Installation on additional computers is available for \$50 each. Requires 486 or better PC with Windows 95 or better and CD drive. 75 megabytes of hard drive space. Installable from 17 diskettes which you can create from the CD. 16 megabytes of ram. Not network compatible.

Take an online tour at: www.AutoSmartAdvisor.com

29. You will now be prompted to enter the 4-digit pin code for this car. If you enter the wrong one you will find out.

30. The next screen will prompt you for the number of keys you wish to program.

31. There will be several more repetitive tasks of having to turn on the key and then turn off the key and then wait several seconds.

32. After turning on and off the key several times you are finally done.
